

With a view to accelerate efforts to empower women in the oil & gas sector, a pre-conference to ETROTECH-2016 was organised today at Vigyan Bhawan, New Delhi. The theme of the conference was 'Women in Oil & Gas Sector: Emerging Trends' (empowerment beyond biases and barriers). The conference organised, witnessed participation from women professionals, senior HR functionaries working in energy-based organisations and allied manufacturing sectors partnering the Indian Oil & Gas sector, representation from academia and women leaders across the globe. Addressed by eminent speakers like Ms. Rebecca Liebert, President & CEO, Honeywell UOP, Dr. Reena Ramchandran, Former CMD, Hindustan Organic Chemicals and the first women CMD in Public Sector Enterprise, Ms. Kathleen Dorey, Managing Partner, Petrel Robertson Consulting Ltd., Canada, Dr. Asha Bhandarkar, Professor International Management Institute, New Delhi and Ms. Mekala Krishnan, Partner McKinsey Global Institute; the conference addressed critical issues pertaining to the potential of emerging leadership of women in leadership roles in professional realm.
